

MATERIAL SAFETY DATA SHEET

Ansell Corporation
P.O. Box 87
243 Third Street North
Bayport, MN 55003 USA
Phone: (651) 439-0835 or Fax: (651) 439-1940

All **Ansell Corporation Immunology Research Products** are not considered hazardous by the OSHA definitions in 29 CFR 1910.1200, Hazard Communication Standard. In addition, they do not contain any hazardous components above 1% or any carcinogens above 0.1%. A Performance Data Sheet accompanies every Ansell Corporation Immunology Research Product detailing the chemical composition. However, we recommend handling all products with appropriate caution.

All Ansell Corporation Immunology Research Products are **for RESEARCH AND DEVELOPMENT USE ONLY**. They are NOT intended for food, drug, household, agricultural or cosmetic use. All use of Ansell Corporation products must be supervised by a technically qualified individual. Because they are for research and development use only, they are not required to appear on the TSCA inventory. However, use in applications other than research and development may require prior approval from the EPA or inclusion on the TSCA inventory.

The above information is correct to the best of our knowledge. The user should make independent decisions regarding completeness of the information based on all sources available. Ansell Corporation shall not be held liable for any damage resulting from handling or from contact with the above products.
