1945

Monoclonal anti-human CD275 (ICOS L, GL50, B7-H2, B7RP-1)***mAb name/Clone:** ANC4E3**Isotype:** Mouse IgG1 κ **Immunogen:** Human Raji cells, human CD275(GL50)-muIg fusion protein**CATALOG#:** 263-020**QUANTITY:** 100 μ g**CONCENTRATION:** 1.0 mg/ml

INFORMATION: The inducible costimulator (ICOS, T cell activation molecule H4) is similar to human CD28 (24% homology), and plays an analogous role in the T cell activation process. Unlike CD28, ICOS is only expressed on activated T cells. Secondary signaling through CD28 or ICOS results in discrete cytokine secretion profiles by the activated T cells(1). Engagement of CD152 (CTLA-4) anergizes cells costimulated with either CD28 and ICOS(2). Signaling through ICOS is particularly important in progression of TH2 immune response (5). The receptor for human ICOS is GL50(ICOS L), a member of the B7 family sharing ~20% homology with CD80 (B7-1) and CD86 (B7-2)(3). Two RNA splice variants exist for this molecule, differing only in the cytoplasmic domain(4). Blockade of the ICOS-ICOSL interaction in mice improves allograft survival(6) and reduces EAE(7). Antibody ANC4E3 binds to recombinant CD275 in EIA. It does not block the interaction between recombinant CD278 and CD275.

STORAGE CONDITIONS: *Store at 2 - 5°C.* Freeze/Thawing is not recommended.

PRODUCT STABILITY: Product should retain activity for at least 12 months after shipping date when stored as recommended. Ship Date:_____

BUFFER: 50 mM Sodium Phosphate pH 7.5, 100 mM Potassium Chloride, 150mM NaCl, 0.5 mg/ml Gentamicin Sulfate (as a preservative).

PRODUCTION: Antibody was Protein A purified from (low FBS containing) tissue culture supernatant. Purity was >90% by SDS-PAGE with less than 1% Bovine Immunoglobulin.

PERFORMANCE: Anti-CD275 antibody was reactive with immobilized recombinant CD275-muIg (cat# 575-020) in EIA at a detection concentration of **10 ng/ml**. Fab specific Goat anti-mouse IgG/HRP was used as a secondary detection reagent.

***This Product is intended for Laboratory Research use only.**
